PGW CELEBRATES BLACK HISTORY MONTH

SAVINGS @ HOME

- 1 Install a smart thermostat for 2x savings! Purchase at PGWorks.com for a rebate + ongoing savings after install.
- 2 Open curtains & blinds to let in daylight; close at night to reduce the chill.
- 3 Install energy efficient, low-flow shower heads and shorten the length of your showers.
- 4 Seal cracks and openings that allow cool air to enter your home, especially around doors and windows.

- 5 Cover pots and pans with a lid to help food cook faster.
- 6 Set your water heater temperature to 120 degrees.
- 7 Avoid costly repair costs with a Parts and Labor Plan. Purchase today at pgwplp.com
- 8 Run full loads to maximize the benefits of energy efficient appliances.

THINK YOU SMELL GAS?

Natural gas has an unpleasant, rotten egg-like odor for easy detection and your safety.

If you think you smell gas, leave the area immediately, then call PGW at 215-235-1212.

Remember, if you think you smell gas:

- **NEVER** flip the light switch on or off.
- **NEVER** use electrical devices.
- **NEVER** try to locate the source of the gas leak.
- **NEVER** try to shut off any natural gas valves or appliances.
- **NEVER** re-enter the building or return to the area until a qualified utility representative says it is safe to do so.

Third-Party Notification Offers Added Protection

PGW Third-Party Notification allows a PGW customer to select a third party to be notified if they are in danger of losing service due to non-payment.

This free service does not require the third party to pay a customer's bill. It's just a way to receive a notice if the customer is at risk of service termination.

The notification service can be canceled at any time.

Call our Customer Care Team for more information: 215-235-1000, M-F, 8 a.m. – 6 p.m.

WALK-INS WELCOME

Get in-person assistance with your energy needs

Philadelphia's network of Neighborhood Energy Centers (NEC) have PGW-Trained Specialists ready to assist you in person.

Customers can:

- Apply for programs like CRP or LIHEAP.
- Gain tips on lowering your energy bills.
- Register for free conservation workshops.

You Asked...

Consumer Product Safety Commission & Gas Stoves

Consumer Product Safety Commissioner (CPSC) Richard L. Trumka Jr. recently made public comments about using the CPSC to potentially ban natural gas stoves. The CPSC regulates a variety of consumer products for safety and health risks.

The U.S. CPSC and EPA do not present gas ranges as a significant contributor to adverse air quality or health hazard in their technical or public information literature, guidance, or requirements. Also, per the White House (Jan. 2023), "The President does not support banning gas stoves - and the CPSC, which is independent, is not banning gas stoves."

Get up to \$1,000 to pay for your heating bill.
