## Protect Yourself From Carbon Monoxide (CO) Poisoning

Carbon monoxide (CO), a colorless, odorless, and potentially dangerous gas, can be produced by home appliances and other fuel-burning equipment that are not working properly. The gas can cause sickness – or even death.

To protect your family:

- Have all your fuel-burning appliances serviced regularly by a qualified technician.
- Have a CO detector/alarm installed if you don't already, and test it twice a year.
- Never use an oven to heat your home.

Remember, you can't smell, taste or see CO poisoning. If you suspect CO poisoning, call 911.

More safety tips at [PGWorks.com/safety](http://PGWorks.com/safety)

## Working Together to Build A Better Philadelphia

PGW strives to make Philadelphia a place we're all proud to call home. That means giving back to the local community.

**United Way** – PGW has partnered with United Way for nearly 100 years. In 2020, PGW employees donated nearly \$60,000 to support local nonprofits' efforts to improve the lives of Philadelphia residents.

### Philadelphia Phillies

Eighty two trees were planted last year thanks to the Home Run for Trees program supported by PGW. For every home run hit during the season, PGW plants a tree!

### Salvation Army

Each holiday season, PGW employees support our local Salvation Army by hosting a toy drive to donate toys to area families. This year, more than ever, we were thankful to bring holiday cheer to others.

For PGW, serving Philadelphia is a year-round commitment. Learn more about our community impact at [PGWorks.com/community](http://PGWorks.com/community)

# THINK YOU SMELL GAS?

It smells  
like rotten  
eggs

**Leave the area and  
call (215) 235-1212.**

Our Emergency Hotline  
is available 24 hours a  
day, 7 days a week.
