PGW ADVANCES EFFORTS TO **CUT EMISSIONS BY 80%**

Our latest action plan will cut carbon emissions by 80 percent by 2050, and support Philadelphia's carbon neutrality efforts. PGW's Methane Reduction Program will meet these accelerated targets by modernizing infrastructure and implementing new technology which, along with PGW's energy efficiency initiatives, improves the quality of life for all.

Summer's Here Keep It Fun & Safe

School's out, and summer fun is in! As you make summer memories, keep these safety tips in mind!

METER SAFETY • Is your PGW meter outside? Keep it clear of any landscaping, including shrubs, grass or plants for easy access.

PRACTICE SAFE DIGGING • Have a project that requires digging? Call 8-1-1 at least 3 days before you begin your project. Underground utility lines will be marked to help protect you and others from an emergency.

SWIM WITH CAUTION • Never swim alone and always within designated areas supervised by lifeguards.

USE SUNSCREEN • For the best protection, apply sunscreen generously 30 minutes before going outdoors. Don't forget to protect your ears, nose, lips and the tops of feet.

STAY HYDRATED • Try to drink at least eight cups of water per day and more if you are working outside or exercising.

If you think you smell gas, leave the area immediately and call PGW's emergency hotline at 215-235-1212. We're available 24/7, 365.
