SWEET \$UMMER \$AVINGS

Ahhh... the sweet sounds of summer. Know what else is sweet? Saving money with these tips:

SEAL IN SAVINGS – Caulking is valuable during any season. Use it to close air leaks and openings in your home to keep warm air outside and cool air in.

CLOSE IT UP – Keep doors and vents closed in rooms not in use.

FILL IT UP – Wait to run your washer or dishwasher until it has a full load. Consider air drying dishes and clothing for even more savings.

RIGHT SIZE – Use a smaller pan, if possible, and put a lid on it so food cooks faster.

GET LOW – Lower the temperature on your water heater to the medium setting (120 degrees).

Students Score With PGW, Phillies

Philadelphia Gas Works, the Pennsylvania Horticultural Society (PHS), and the Phillies are a winning team.

Representatives from the three organizations joined Fox Chase School elementary students to plant trees in support of their agricultural and environmental program.

Since 2012, PGW has partnered with the Phillies and PHS to plant a tree for each home run hit by a Phillies player during the regular season. Over 1,500 trees have been planted through Home Runs for Trees! This initiative helps to promote healthier, greener neighborhoods.

Summer's Here Keep It Fun & Safe

School's out, and summer fun is in! As you make summer memories, keep these safety tips in mind!

METER SAFETY • Is your PGW meter outside? Keep it clear of any landscaping, including shrubs, grass, or plants for easy access.

PRACTICE SAFE DIGGING • Have a project that requires digging? Call 8-1-1 at least 3 days before you begin your project. Underground utility lines will be marked to help protect you and others from an emergency.

USE SUNSCREEN • For the best protection, apply sunscreen generously 30 minutes before going outdoors. Don't forget to protect your ears, nose, lips, and the tops of feet.

STAY HYDRATED • Try to drink at least eight cups of water per day and more if you are working outside or exercising.

If you think you smell gas, leave the area immediately and call PGW's emergency hotline at 215-235-1212. We're available 24/7, 365.

Natural Gas: Your Best Choice

Natural gas is 3.4 times more affordable than electricity, the U.S. Department of Energy reports.

Families who use natural gas for heating, cooking, and clothes drying save \$1,041* a year versus a family using electricity for the same tasks.

Want to save even more? PGW EnergySense offers rebates up to \$1,800 for homeowners & \$50,000 for businesses.

Check out PGWEnergySense.com today!

*National average provided by the American Gas Association. Individual savings may vary.
