SEPTEMBER IS NATIONAL PREPAREDNESS MONTH

PROTECT THE ONES YOU LOVE

The life you've built is worth protecting. Now is the time to prepare for emergency situations to help ensure your family's safety.

MAKE A PLAN

- Create and practice an emergency plan for your household, including where to meet and how you will communicate.

GATHER SUPPLIES

- Put together a supply kit with food, water, medicine, and other supplies in case you need to evacuate your home, or shelter in place.
- Update and organize critical documents like leases, deeds, and insurance policies. Consider securely storing copies on your phone or in the cloud.

STAY INFORMED

- Sign up to receive emergency text alerts. Text **ReadyPhila** to **888-777**.
- Download sample plans & supply lists at **ready.gov**

Follow us @MyPGW for additional safety & preparedness tips.

SEPTEMBER 2022

PGW MARKETPLACE

Grab a \$70 Rebate Today

Visit [PGWEnergySense.com](https://www.pgwenergy.com) today to get a \$70 instant rebate with the purchase of a Nest, ecobee, Honeywell or Emerson smart thermostat through PGW Marketplace.

Smart thermostats can be controlled by a cell phone and have features like motion sensors, alerts, and integration with other smart devices. **These features help conserve energy, improve home comfort and control energy costs.**

For more on PGW's energy efficiency options, visit [PGWorks.com/Efficiency](https://www.pgw.com/PGWorks.com/Efficiency)

Fueling The Future: Geothermal & Hydrogen

Natural gas from PGW reduces greenhouse gas emissions, and makes renewables more viable. And now, we're adding to the energy mix by exploring new energy solutions and technology.

Geothermal

PGW will launch a pilot program to evaluate the benefits of geothermal technology.

Geothermal systems pull heat out of the ground to warm buildings in the winter, and pumps heat back into the ground to cool buildings in the summer.

Hydrogen

Hydrogen can play a key role in clean energy generation.

Emissions from hydrogen can be captured and used to power wind or gas turbines, or other forms of energy.

To learn more about PGW's energy initiatives, visit [PGWorks.com/FuelingTheFuture](https://www.pgw.com/PGWorks.com/FuelingTheFuture)

MOVING? LET US KNOW.

Visit [PGWorks.com](https://www.pgw.com) to transfer or stop PGW natural gas service.

Remember to contact PGW at least seven days in advance of your service start or end date.

PGW will conduct a final meter reading and transfer or close your account once your move date is confirmed.

Gas Distribution Pipeline Mechanic Program at Community College of Philadelphia

Start your career in the natural gas industry in a few short months. Classes begin Oct. 4.
