**PGW AWARDED FOR EXCELLENCE IN OPERATIONS
BY THE AMERICAN PUBLIC GAS ASSOCIATION**

Let's Go! **Electric Vehicles** Join PGW Green Fleet

Five new electric vehicles (EVs) will be added to PGW's fleet this year thanks to a \$28,125 Alternative Fuels Incentive Grant from the Pennsylvania Department of Environmental Protection.

PGW will also install charging stations to power the EVs.

The Chevy Bolt Electric Utility Vehicles are part of PGW's "Green Fleet" pilot program.

Adding the EVs is estimated to reduce PGW's gasoline usage by over 3,400 gallons per year and reduce our carbon footprint by over 24 tons a year.

NATURAL GAS = AFFORDABLE CHOICE

SAVE
\$1,068
a year

Households using natural gas for heating, cooking and clothes drying save \$1,068 a year on average compared to homes using electricity.

Summer's Here! Keep it Fun & Safe

School's out, and summer fun is in! As you make summer memories, keep these safety tips in mind!

METER SAFETY

Is your PGW meter outside? Keep it clear of any landscaping, including shrubs, grass, or plants for easy access.

PRACTICE SAFE DIGGING

Have a project that requires digging? Call 8-1-1 at least 3 days before you begin your project. Underground utility lines will be marked to help protect you and others from an emergency.

USE SUNSCREEN

For the best protection, apply sunscreen generously 30 minutes before going outdoors. Don't forget to protect your ears, nose, lips, and the tops of feet.

STAY HYDRATED

Try to drink at least eight cups of water per day and more if you are working outside or exercising.

If you think you smell gas, leave the area immediately and call PGW's emergency hotline at 215-235-1212. We're available 24/7, 365.

PROTECT YOUR FAMILY FROM CO POISONING

Carbon monoxide is a colorless, odorless gas that can lead to sickness, even death.

TO PREVENT CO POISONING:

- Install a battery-operated CO detector on each floor of your home to alert you of leaks.
- Schedule your annual natural gas equipment inspection.
 - Enroll in our low-cost Parts & Labor Plan and Check and Adjust service to have a certified PGW technician perform equipment inspections and repairs.
- Replace CO detector batteries twice a year.
- Call 9-1-1 if you suspect CO poisoning.

PGW has you covered for both parts AND labor

On-call PGW expert technicians make sure your **natural gas appliances** are working when you need them.
