# Protect yourself against imposters

To arm yourself against people falsely claiming to be utility workers, keep these tips in mind:

**Ask for ID** – All PGW employees carry photo ID. If someone at your door does not have it, or refuses to produce ID, don't let them into your home. Call 911 immediately.

**Don't give out personal information** – PGW employees that come to your home will never ask for your phone, social security or account numbers or request any other personally identifiable information.

**Any doubts? Don't hesitate to call PGW directly.** This extra step offers you a greater level of safety and security. After all, your safety is our first priority.

**Call 911** – If you are feeling uncomfortable, or have any uncertainty, call 911. The Philadelphia Police Department has a direct line to PGW and can verify that utility worker's identity.

**Remember** – Be Sure Before You Open The Door
