

GOOD GAS NEWS

IMPROVING OUR PIPELINE SYSTEM BENEFITS OUR ENVIRONMENT AND YOU

Chances are you've seen our crews hard at work improving our natural gas delivery system.

In fact, PGW spends millions of dollars annually on pipeline improvement projects that modernize our infrastructure by replacing aging portions of our system with new, state-of-the-art equipment. This investment ensures Philadelphians have affordable, safe and reliable natural gas service for decades to come.

This investment ensures Philadelphians have affordable, safe and reliable natural gas service for decades to come.

Along with updating our system, this effort reinforces our commitment to minimizing PGW's impact on the environment.

Warmer weather will bring an increased number of projects in the city. Stay up to date on where PGW is working and what to expect next by visiting our Pipeline Improvement Map at pgworks.com/worksites.

With CRP, you get a gas bill built to fit your life... so you can focus on your goals.

That's our *One Less Worry* promise.

Energy for all of us.

We are mothers, fathers, grandparents, friends and neighbors. We are engineers, mechanics, scientists and much more. Every day we work for a cleaner, brighter future. Not just for some. But for every one. This is work that won't wait, and neither will we. We're taking action now.

PGW. We don't just work for Philadelphia ... we are Philadelphia.

PGW SPEAKS YOUR LANGUAGE

Walk a few blocks in Philadelphia and you'll likely hear conversations in several languages. PGW is dedicated to providing the best experience for our customers, regardless of their primary language.

Our language line helps eliminate a barrier for customers whose primary language isn't English. The line has experts who can facilitate your conversation with a Customer Service Representative, whether you speak Spanish, French, Russian, Chinese, Vietnamese, or more than 100 other languages.

Call our Language Line at 215-235-2175.
