PGW Releases Results of Geothermal Feasibility Study

PGW is excited to share the **results of the Geothermal Feasibility Study**, conducted in collaboration with the School District of Philadelphia, Philadelphia Parks & Recreation and Alderson Engineering.

The study confirms the technical viability and assesses the economic viability of implementing a closed loop geothermal heating and cooling system at the site serving John F. McCloskey School and Dorothy Emanuel Recreation Center.

The exploration of **geothermal technology is part of PGW's broader diversification efforts**, which aim to grow revenue, deliver increased value to customers, expand its clean energy portfolio, and lower emissions.

GREATEST PLACES TO INTERN IN PA

AWARDS

Meet some of our high school and college interns.

PGW Named Best Place to Intern

PGW has been recognized as one of Pennsylvania's Greatest Places to Intern by the PA Chamber for the second consecutive year.

The award honors companies that provide valuable internship experiences to help prepare students for successful careers and ultimately strengthen Pennsylvania's future workforce.

Pipeline Map Gives You The 411 On Projects In Your Area

Warmer weather brings increased activity with Pipeline Improvement Projects. This work improves reliability and eliminates methane emissions.

Stay up to date about work in your neighborhood, near your job, and along your commute with our Pipeline Improvement Map.

The map lets you:

- Identify active and upcoming projects.
- See schedule for completion.
- Check the status of projects.

SEPTEMBER IS NATIONAL PREPAREDNESS MONTH

September is **National Preparedness Month** and a good time to prepare for emergencies, including checks on your home appliances.

Tips to Keep Your Natural Gas Appliances Safe:

- ✓ **Schedule regular inspections.** Have a licensed professional inspect your gas appliances at least once a year or as often as the manufacturer recommends.
- ✓ **We've Got You Covered.** Sign up for PGW's Parts & Labor Appliance Protection Plan with Check & Adjust at pgworks.com/plp.
- ✓ **Do not store combustibles nearby.** Keep rags, mops, paper, and similar items away from gas appliances.

Remember, natural gas appliance maintenance is a customer's responsibility.
