PGW SUPPORTS COMMUNITY DEVELOPMENT THROUGH EDUCATION

We take pride in mentoring our area's future leaders and helping our community grow through educational opportunities.

In early June, PGW welcomed 30 Kensington High School students for a tour of our Richmond Plant. We spent the morning educating students about natural gas, where it comes from, and how it gets to you for warm showers and hot food.

Students learned how PGW keeps our workers and Philly residents safe.

The tour was part of the Adopt-A-School Program in partnership with the Urban League of Philadelphia and School District of Philadelphia.

PROTECT YOURSELF AGAINST IMPOSTERS

To arm yourself against people falsely claiming to be utility workers, keep these tips in mind:

Ask for ID – All PGW employees carry photo ID. If someone at your door does not have it, or refuses to produce ID, don't let them into your home. Call 911 immediately.

Don't give out personal information – PGW employees that come to your home will never ask for your credit card, social security or account numbers or request any other personally identifiable information.

Any doubts? Don't hesitate to call PGW directly. This extra step offers you a greater level of safety and security. After all, your safety is our first priority.

Call 911 – If you are feeling uncomfortable, or have any uncertainty, call 911. The Philadelphia Police Department has a direct line to PGW and can verify that utility worker's identity.

Remember – Be Sure Before You Open The Door
